

NEW ORLEANS – The Gulf of Mexico touches Mississippi and Alabama just to the east of New Orleans. Beach communities have so much to offer after a tough day on the golf course, like the tequila sunrise while watching the sun set over the gulf, the occasional shrimp feast a la Forrest Gump. Another option you might consider is the Robert Trent Jones Trail through Alabama. The Florida panhandle offers golf and beaches around Pensacola area.

GULF OF MEXICO

TOWN	COURSE	HOLES	YEAR FOUNDED
