

PHOENIX/TUCSON – It’s not that bad, it’s just a dry heat, you’ll get used to it! You want hot, go to Death Valley! If you are seeking relief from the oppressive heat get into the mountains up around Flagstaff or Show Low. Anywhere uphill is a lot closer to the North Pole. Don’t know how true it is but 4 degrees per thousand feet is better than nothing.

TOWN	COURSE	HOLES	YEAR FOUNDED
1 Flagstaff	Elden Hills	18	1960
2 Sedona	Oak Creek, Sedona Resort	18	1967, 1988
